

HARBOR MANAGEMENT COMMISSION
MEETING MINUTES
Thursday, July 14, 2016

6:30 p.m.
C-8

- I. ROLL CALL ROLL CALL, Robert Westhaver, Connie Fuisting, Dick Burke, Mark Maugle (alternate)
Excused /Absent: Girard Keeler
Staff in attendance: Carlton Smith
Harbormaster: Jeff Dziedzic (absent)
- II. MINUTES
Review/approve minutes of February 11, 2016 meeting. Connie Fuisting motioned, Mark Maugle seconded. Unanimously approved without comment.
- III. CITIZEN’S PETITIONS – None received.
- IV. OLD BUSINESS
a) Status: Harbormaster report on recent activities. No update.
b) Second No Wake Buoy Discussion. No update.
- V. NEW BUSINESS
Dock modifications Charles McAdams, 128 Jupiter Point Road
DEEP, COP Application; Mohawk Northeast, Inc, 86 Fairview Avenue
Shorefront Modifications.
- Keith Neilson from Docko reviewed the application along with a June 8, 2016 letter from DEEP giving 7 areas where additional information is required, and discussed some of the issues the client needs to make decisions on. The Committee notes that a letter was reportedly received from the neighbor to the north indicating they had no issue with the proposed work, but no contact had been made to the neighbor to the south, who Mr. Neilson believes is considering a dock permit of their own. The permit is not subject to this committee’s approval.
- VI. CORRESPONDENCE
Seawall modifications Mohawk Northeast, Inc., 86 Fairview Ave,
DEEP, COP Application; Mohawk Northeast, Inc, 86 Fairview Avenue
Shorefront Modifications.
- Keith Neilson from Docko reviewed the update of page 3 of 5 of the drawings, to correctly indicate the actual placement of the seawall to be from 10 ft to 5 ft further west towards the river than previously indicated. The permit is not subject to this committee’s approval.

DEEP, Certificate of Permission, Thames River, LLC located at 131 Thames Street
Dock repair and maintenance.

Committee reviewed and discussed the document. There seem to be several ambiguities to the representation of the existing property. The property also seems to have significant modifications between the 2015 City of Groton GIS flyover photograph and the second Google Earth photograph included in the document. The permit is not subject to this committee's approval.

VII. ADJOURNMENT

Motioned by Mark Maugle, seconded by Connie Fuisting, adjourned at 8:15 PM.

Secretary
