I-8
APPLICATION REQUIREMENTS - SUPPORTING MATERIALS

Photographs which show nearby structures, and the spatial relationships of these buildings within the immediate neighborhood. In village areas, these photographs should be arranged to show the entire street frontage for at least 2 successive properties in all pertinent directions.

Photographs showing all facades of related buildings and/or structures on the subject property, and/or of subject grounds if site features are affected or site improvements proposed.

Historic photographs of the subject property and environs are recommended (the Mystic River Historical Society, Seaport Museum, and Indian & Colonial Research Center have many).

Vicinity plan showing at least 2 successive properties in all pertinent directions, and any related street and topographic features. This vicinity plan may be in sketch form, but shall adequately describe the general scale and relationships of nearby buildings. (Aerial photographs are available from the town).

Sketch site plan showing proposed location and relationship to immediately adjacent properties, at a minimum scale of 1"= 10', is recommended.

Detailed site plan showing proposed new construction, any proposed site improvements such as parking areas, driveways, walkways, fences, decks, etc., and the relationship of the same to immediately adjacent properties, at a minimum scale of 1"= 10'.

Sketch perspective drawing of proposed work is recommended.

Scale drawings and plans of existing subject property, if deemed architecturally significant by the HDC, at a minimum scale of 1/4"= 1'.

Architectural drawings (elevations) of all proposed buildings facades and relevant site features, at a minimum scale of 1/4"= 1'.

Architectural floor plans of all new, added, and/or altered exterior architectural elements, at a minimum scale of 1/4"= 1'.

Details of proposed primary architectural and site features, at a minimum scale of 1-1/2"= 1', are recommended.

Detailed drawings and specifications for lighting, signage, and other related fixtures, showing size, materials, colors, lighting source, etc.

Copies of product literature with photographs for any proposed prefabricated site fixture or structure.

A written statement of the proposed condition and appearance of the subject property after demolition or removal. Such statement shall include an explanation of the practical difficulty and hardship which precludes preservation of the subject structure. The applicant must demonstrate that there is no prudent alternative to demolition or removal.

Copy of all applications and approvals required by other jurisdictions for demolition or removal of a designated historic structure, including but not necessarily limited to the Connecticut Historic Commission.
